It was stated that it typically takes approximately 12 months for a TIF to be established. It was clarified that the PDA does not have the authority to commit funds before a project area is in place. The Board ensued in discussion regarding the process moving forward and the history of TIF proposals in the area.

With no further discussion it was **MSC (T. Tovey, B. AGENDA ITEM #6

ECONOMIC DEVELOPMENT LOAN AGREEMENT

This Agreement made this _____ day of September, 2009, by and between TetriDyn Solutions, Inc., an Idaho corporation, (hereinafter referred to as "TetriDyn"), and the Pocatello Development Authority, an urban renewal agency formed in accordance with the laws of the State of Idaho (hereinafter referred to as "PDA").

1. Recitals

1.1 TetriDyn is a publicly owned, locally operated Idaho corporation engaged in systems and software engineering, which specializes in IT innovation and technology. To date, a computerized medical record storage and retrieval system is the most recognized accomplishment of the company.

1.2 PDA is a public body created as an urban renewal agency pursuant to Idaho Code §50-2006, part of the Idaho Urban Renewal Law of 1965. As an urban renewal agency, PDA is charged with aiding and assisting economic development in Pocatello, Idaho (hereinafter at times "the community"), including assisting developments that will retain and increase available jobs in the community; and is further charged with encouraging such development by private enterprise; all as more specifically provided in Idaho Code §§50-2002 and 50-2003, being part of the Idaho Urban Renewal Law, and Idaho Code §50-2902, being part of the Local Economic Development Act.

1.3 In fulfillment of its statutory duties with respect to development and jobs creation in the Pocatello, Idaho area, PDA has the power to make funds available to assist businesses that will retain and/or create jobs in the community and enhance the economic viability of the community.

1.4 TetriDyn is engaged in the development of a new product which will benefit the livestock industry, both nationally and globally. The new product involves the collection of data which

would be processed and stored at TetriDyn's corporate headquarters in Pocatello, Idaho, and would ultimately result in the creation of additional employment positions in TetriDyn's data processing center. The new product is ready for marketing, but start up costs for development have caused short term cash flow issues for TetriDyn.

1.5 PDA has determined that TetriDyn's new product is a viable development with global potential, and represents the type of urban area development to which it may apply revenue allocation funds (tax increment financing) under the applicable statutes; and that the same will promote economic development in the area and creation of jobs and increased tax base consistent with the applicable urban renewal plan. For that reason, PDA has committed to loan the sum of \$50,000.00 to TetriDyn to assist with the marketing of TetriDyn's new product.

1.6 By this Agreement, PDA and TetriDyn wish to memorialize their mutual undertaking and commitments with respect to the economic development loan described herein.

NOW, THEREFORE, it is agreed by and between the parties hereto, as follows:

2. Loan of Funds

2.1 To further the proposed product development currently being undertaken by TetriDyn, and the job enhancement expected therefrom, PDA agrees to loan to TetriDyn the sum of \$50,000.00.

2.2 The loan proceeds shall be used by TetriDyn to assist with start up costs and test marketing of the company's new product.

2.3 Disbursement of the loan funds by PDA to TetriDyn shall occur upon the execution of this Loan Agreement.

2.4 The loan shall be evidenced by a Promissory Note, executed by TetriDyn. The Note shall provide that the loan is made without interest, as long as TetriDyn retains its corporate presence and conducts business in Pocatello, Idaho during the term of the Note. The Note is to be repaid

in full within one year of the date of this Loan Agreement. If PDA should determine (in its sole discretion) that TetriDyn has reduced its Pocatello workforce from the current staff full time equivalent of 16 positions, closed its Pocatello office, or otherwise altered its current corporate structure as it exists in Pocatello during the term of the Note, interest shall accrue on the unpaid balance of the amount due under the Promissory Note at the rate of five (5) per cent per annum from the date of the loan.

2.5 The loan is unsecured.

3. Miscellaneous

3.1 This Agreement shall be governed by and construed under the laws of the State of Idaho.

3.2 This Agreement shall be binding upon and inure to the benefit of the respective parties and their legal successors; but neither party may assign this Agreement without the express written consent of the other party.

3.3 In any litigation arising out of this Agreement, the prevailing party shall be entitled to recover reasonable attorney fees from the non-prevailing party. Determination of the prevailing party in any such litigation shall be made on the basis of the factors enumerated in Rule 54(d)(1)(b), Idaho Rules of Civil Procedure, as the same now exists or may subsequently be amended.

3.4 Each party represents to the other that it has full legal authority to enter into and execute this Agreement, including obtaining of any required resolution of its governing board.

3.5 This document constitutes the entire agreement of the parties with respect to the loan by PDA to TetriDyn.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first above written.

AGENDA ITEM #7

June 25, 2020

Mr. Carl Anderson, Interim Executive Director, Pocatello Development Authority
911 N 7th Avenue
Pocatello, ID 83201

Re: Potential urban renewal district

Dear Mr. Anderson,

Thank you for reaching out to inquire of my interest in assisting the Pocatello Development Authority (PDA) in their consideration of a potential new urban renewal district in the city. As you now I served the PDA in support of their consideration of the Northgate Urban Renewal District established in 2019. In addition to that work, I have advised ten other Idaho cities and one Idaho county in similar assignments. In many of those cities, I have been involved in the establishment of more than one new district. Please see the attached resume for a complete listing of projects conducted in Idaho. Prior to establishing my consulting practice, I had served as the Executive Director of the Capital City Development Corporation, Boise's urban renewal agency, for twelve years.

I understand that your current focus is on properties proximate to Interstate 15 at Exit 67 and is prompted by an expression of interest by Mr. Hernandez, the property owner, seeking to develop new freeway- oriented development. The issues currently before the PDA Board are: (1) whether the area under consideration is eligible for the establishment of a new district under the criteria established in state law and (2) if additional areas also would qualify to create a broader district than Mr. Hernandez's properties.

As you can see from my resume, I have conducted reports on the eligibility of areas under consideration for new districts throughout the state. In addition, I have conducted specific reviews of potential boundaries on proposed districts in Hailey, Meridian, McCall and currently again on another project in Hailey.

The process that I have used in exploring potential boundaries of a district is to work with Agency Staff and Board of Commissioners in identifying a "Preliminary Study Area" that includes those properties expressing interest in inclusion as well as a broader area in which the Agency has an interest in receiving additional information. I often break the areas with unique characteristics into "Sub-Areas" for review. If a preliminary analysis suggests any "Sub-Area" should be eliminated from further consideration, that information will be shared with the Agency and a final determination made as to what areas should be included in the formal eligibility study for Agency consideration.

The eligibility study is then conducted with the remaining areas being reviewed separately and then as a single combined district in order to give the Commissioners and City Council broad flexibility in their decisions to move forward and in what configuration any new district might

have. The decision-makers can decide to (1) move forward with one Sub-area and not others, (2) create separate districts conforming to the Sub-areas, (3) combine the Sub-Areas into one consolidated district or (4) conversely choose to proceed with none of the Sub-areas.

My hourly rate for the services noted remain unchanged from those charged during the Northgate District process in 2017-19; \$150 per hour, plus direct expenses.

I have reviewed the area represented by the Hernandez properties and the surrounding areas including the areas to the south, west and north. A conversation with Agency Staff and Board would direct where my preliminary review should be focused.

I anticipate the phases of the project would be as follows:

Boundary Determination:	\$1,500.00
Eligibility Report:	\$7,500.00

In addition, if the Board and City Council elect to proceed with the creation of a new district or districts, a financial feasibility report will be required as a part of the new urban renewal plan. I have prepared that report for each of the projects I have conducted and, even though that is not part of the current proposal request, I will note that I would expect an not to exceed amount of \$10,000 for that work, should you choose to have me do that.

The structure of the relationship with both McCall and Hailey is an On-Call Services Contract with specific projects defined and initiated by Task Orders. If you prefer, we can define the work in a discreet service agreement. I have attached the recently executed agreement with Hailey Urban Renewal Agency for your information.

Again, thank you for reaching out to me and I look forward to discussing your requirements further.

Sincerely,

Phil Kushlan, Principal
